

CF Series Portable Refrigerators/Freezers

Refrigerate or Freeze to 0°F

Charter Fishing Boat Success Story:

"Our savings have been substantial. No more wasted bait since we only thaw out what we need. Thanks!"

— Capt. Roger Wright
Charter Boat *Rendezvous*, Port Canaveral, FL

CF-18

CF-25

CF-35

CF-40

CF-50

CF-80

CF-110

CF Series refrigerators/freezers offer powerful cooling and deep-freezing from 50° to 0°F and state-of-the-art electronics for additional convenience. There's an ideal appliance for every requirement – from the slim 19-quart model to the extra-large capacity 113-quart model. The CF Series features a quick-chill/turbo function which runs the compressor at maximum performance until the desired temperature is reached. All models work perfectly even in inclined positions.

Special electronics include a digital temperature display in

Fahrenheit or Celsius.

Seven models (CF-18 to CF-110) are equipped with a unique soft-touch operating panel.

Insulating and Protective Covers with Velcro® closures and zip panels are available for all CF Series Refrigerators/Freezers. Constructed of high-quality Oxford nylon, the covers feature aluminum-coated polyester insulation and a non-skid bottom. The operating panel and connection sockets remain accessible through openings in the cover. Convenient side pockets store small items.

Key Benefits

- AC/DC or DC-only models.
- Seven sizes to choose from.
- Can operate as a refrigerator or freezer.
- Lightweight and easily portable.
- Battery monitor with low-voltage shut-off protects against a dead battery.
- Memory feature maintains presets if the system is turned off.

- Optional insulated protective cover available for all CF Series models.
