

# HZB-15S Portable Ice Maker

## Makes 33 Lbs. of Ice Every 24 Hours

The Dometic HZB-15S portable ice maker makes it possible to have ice where and when you need it. The efficient HZB-15S provides fast ice production for entertaining at backyard parties or on-the-go events at the park, campsite, or when boating.

The first batch of ice is ready just 15 minutes after starting the HZB-15S. After turning on the unit, simply add fresh water, select the cube size on the front-mounted LED control panel, and the ice maker does the rest. The ice storage bin has an energy saving lid with a window that lets you check the ice level without losing cold.

The easy-to-use LED display indicates when water is low and when the ice basket is full. The unit will automatically shut off in either event.

The stainless-steel finish of the HZB-15S cabinet is attractive and easy to clean, and features convenient recessed carry handles. An ice scoop is included.

### Key Benefits

- Makes 33 lbs. of ice every 24 hours.
- Removable basket holds 2.5 lbs. of ice.
- Makes three sizes of ice cubes.
- Ice is ready in 15 minutes.
- Easy-to-use control panel with LED.
- Slotted ice basket allows water from melting ice to be recycled into more ice.
- Automatic shutoff when water is low.
- Automatic shutoff when ice basket is full.
- Stainless-steel finish.
- Ice scoop included.
- Self-storing drain fitting.
- UL approved.
- Dometic 1-Year Protection Plus warranty.

Select one of three cube sizes on the control panel with LED, which indicates low water and full ice basket.

Ice storage includes scoop and ice basket that holds 2.5 lbs. of ice.

Convenient recessed carry handles
