An AIRXCEL Brand

PRODUCT CATALOG

At Airxcel, we don't just make products — we support a lifestyle built on freedom, exploration, and comfort. From the mountains to the coastlines, from weekends away to full-time road life, our solutions are designed to move with you. Every component we build — from climate systems and appliances to power and ventilation — is created with one goal in mind: to make life on the road feel like home.

Our lineage runs deep. Airxcel brings together decades of engineering expertise, innovation, and trusted brands that have shaped the RV industry. We're a family of pioneers and problem-solvers, fueled by a passion for craftsmanship and driven by the needs of those who depend on us every day. That heritage isn't just in our name — it's in every bolt, circuit, and finished product we produce.

We're building more than products — we're building a legacy. One that reflects our commitment to quality, our obsession with the customer experience, and our belief that adventure should never mean compromise. Wherever the road leads, Airxcel is there to power every adventure, elevate every mile, and make every destination feel just right.

**DIRECTIONAL
AIRFLOW -
REDEFINED!**

Meet the industry exclusive pivoting rooftop fan, designed to deliver airflow exactly where RVers want it.

The new Maxxfan Pivot builds on the trusted performance of the Maxxfan Plus, adding a drop-down, pivoting fan head for targeted ventilation and continuous comfort. With four speeds, 400 CFM of power, and the ability to operate with the lid open or closed. A sleek, low-profile design fits perfectly into tight spaces, while integrated mounting tabs make adding a Fanmate rain cover quick and tool-free.
